The Seven Habits of Highly Effective People

This book was first published in 1990 and continues to be a business best seller and is the basis for the “Leader in Me” advisory program being adopted by the Elementary School in 2012. The author takes readers through a “paradigm shift”--- a change in perception and interpretation of how the world works. This affects how you perceive time management, positive thinking, developing your “proactive muscles,” and much more.
